DETAILED ACTION

Drawings

Proposed drawing correction of 9/15/03 is approved.

Allowable Subject Matter

Claims 4,10 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claim Rejections - 35 USC § 102

Claims 1-3,5-9,11,12 are rejected under 35 U.S.C. 102(b) as being anticipated by Shimojima et al. See paper number 8 for this rejection.

Response to Arguments

Applicant's arguments filed 2/4/04 concerning the above rejected claims have been fully considered but they are not persuasive. 'Smooth' is a relative term and does not read over the patent. A recess can have a smooth surface as well as an arcuate surface.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the

Art Unit: 3725

In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
